Retransmitted:

Kind reference is invited to this office letter No BEA 1040 dated 30-7-1953 in which suggestions have been made with regard to the prevention of Dangerous Diseases of men in the City of Bangalore

With regard to definition of Dangerous Diseases, reference is invited to the Part II of Sec 63 of the Public Health Act and Section 3(15) and also 345 of Bangalore Corporation Act in which mention has been made of the Dangerous Diseases The opinion of the Commissioner of the Bangalore City Corporation may be accepted

30

It may be stated here that a large number of cases suffering from Dangerous Diseases, do not go to Medical Practitioners for treatment and the Medical Officers will therefore not be cognizant of all cases that occur in the area Further, the busy Medical Practitioners hardly find time to report these diseases in time The objective for framing these bye-laws is to effectively enforce the various measures in checking the spread of the dangerous diseases, after their reporting The reporting agency should, therefc be, not only the Medical Practitioner as per the Bangalore City Corporation Act 346, but also the parents, relatives etc , who are cognizant of the fact of the disease

It would therefore be necessary to include other persons indicated in the letter No BEA 1040 dated 30-7-1953, who will be held responsible for referring the event

3006 AUG 1953

No. PE 1040 /53-54

Office of the Director of Public Health
in Mysore,
Bangalore, Dated July 28, 1953

SECRET 30 -4 1953

To

The Secretary to Government,
L S G and Planning Departments,
Bangalore

Sir,

Adverting to Government Order No L 3449-52/CM 27-52-96 dated 18th June 1953 sanctioning a set of bye-laws for the prevention of dangerous diseases of men in the City of Bangalore under section 370 of the Corporation Act, I write to state that it is necessary to define the term "dangerous disease" and also to specify the diseases that come under this category for information of the public

1) No clause has been included in the bye-laws for furnishing information of the occurrence of the diseases by the Medical Practitioners and others It would be better to include a clause requiring the parents or the relatives or the Medical Practitioners or anybody who is cognisant of the fact, to report the matter to the Health Officer or the Commissioner as the case may be

3) According to clause 3 of the bye-laws sanctioned, the Health Officer will have to apply to a magistrate to close a lodging house or any place where articles of food are sold or prepared or stored or exposed for sale In the interest of public health, the Commissioner should be authorised to order the closure of any of the public resorts when an infectious disease occurs on the premises Valuable time will be lost in the procedure laid down in the clause giving scope for the infection to spread to others. The clause may therefore be amended empowering the Commissioner to order the closure of any public resort on his being satisfied that there is a case of infectious disease on the premises and that the place has got to be closed

Yours faithfully,

for Director of Public Health

With reference to your letter No L 6017 dated 22-8-1 forwarding a copy of letter No 1040/53-54 dated 29/30th July received from the Director of Public Health for furnishing comments on his suggestions, I write to inform you as follow

1 The term "Dangerous diseases" has already been de in Section 3(15) of the Act Hence no action is necessary o

2 There is provision in Section 346 of the Corporat Act under which medical practitioners who become cognisant o the existence of any dangerous disease in any private or pub building in the City shall inform the Commissioner or the He Officer or the Sanitary Inspector There is therefore no necessity for the inclusion of a new clause as suggested by Director of Public Health

3 The existing provision in clause 3 of the Bye-la authorities the Magistrate to order the closure of the premise where infectious disease exists This is based on similar pro vision contained in the Madras Corporation Bye-laws The sugg -tion made by the Director of Public Health is accepted and Clause 3 of the Bye-laws has accordingly been amended as follow

"On receipt of a report from the Health Officer th it is necessary in the interest of the public hea

health that a lodging house or any place where articles of food are sold or prepared or stored or exposed for sale should be closed on account of the existence or recent occurence in such lodging house or place of a case of dangerous disease, the Commissioner may by order, direct it to be closed until the expiry of such period as may be specified in the order or until it is certified by the Health Officer to be free from infection

The Corporation before whom the above amendment was placed approved the same vide copy of resolution No 25 dated 14-9-1954 enclosed action is being taken to publish the above amendment und Section 371 of the City of Bangalore Municipal Corporation Act, 1949 for the information of the public

Forwarded with compliments,

Subject - Bye-laws for the ~~preservation~~ prevention of dangerous diseases of men
Reference - G O No L3449-52/C M 27-52-96 dated 18-6-1953 sanctioning the above bye-laws

---

In continuation of this office letter No A1 31-52-53 dated 8th October 1954, on the above subject, I write to state that on the suggestion made by the Director of Public Health and as approved by the Corporation at their meeting held on 14th September 1954, the following amendment to clause 3 of the bye-laws was published under section 371 of the Corporation Act, in the Mysore Gazettee on 14th October 1954, Janavani on 10th October 1954 and Daily post on 11th October 1954(copies enclosed for reference and return) for the information of public

Substitute the following for clause 3

3 'On receipt of a report from the Health Officer that it is necessary in the interest of the public Health that a lodging house or any place where articles of food are sold or prepared or stored or exposed for sale should be closed on account of the existence or recent occurence in such lodging house or place of case of dangerous disease- the Commissioner may by order, direct it to be closed until the expiry of such period as may be specified in the order or until it is certified by the Health Officer to be free from inspection"

As no objections were received within statutory time of one month, the matter was placed before the Corporation, who at their meeting held 15th April 1955 approved the amendment, vide copy of the resolution herewith enclosed

I request that the Government may be pleased to accord sanction to the proposed amendment

FORWARDED WITH COMPLIMENTS

DRAFT

L 10662-64/Cm/13 55-17 Dt 29 11 55-

To

The Secretary to Government,
L S G Department,
Madras / Bombay / Hyderabad

Sir,

I am directed to state that Section 346 (1) of the City of Bangalore Municipal Corporation Act, 1949 lays down that if any Medical Practitioner becomes cognizant of the existence of any dangerous disease xx like anthrax, chicken-pox, cholera, diptheria, enteric fever, leprosy, measles, plague, pulmonary tuberculosis, rabies, smallpox as defined in sub-section (15) of Section 3 of the Act in any private or public dwelling in the City, he shall inform the Commissioner, the Health Officer or the Sanitary Inspector of the Division with the least practicable delay

2 Now, it is considered that it would be better to amend Section 346 (1) of the Act so as to include a clause requiring the parents or the relatives of the diseased along with the Medical Practitioners, who are cognizant of the fact, to report the matter to the Health Officer or the Commissioner, as the case may be This could cast a legal burden on private persons In this connection, a doubt is felt as to how to impose a legal liability on laymen who have no expert knowledge of diseases

3 I am to request you to be so good as to intimate the practice prevailing in the State of Madras/ Bombay/ Hyderabad and the law in force if any

Yours faithfully,

for Secretary to Government,
Education & L S G Departments

CH 13-55-21

Sir,

With reference to your letter No L10662-4/CH 13-55-17, dated the 29th November 1955, regarding the practice prevailing in the State of Bombay about information to be given of the existence of dangerous diseases, I am directed to inform you that under section 421 of the Bombay Municipal Act, every medical practitioner who treats or becomes cognizant of the existence of any dangerous disease or any case of continuous pyrexia of unkown origin of more than four days' duration in any private or public dwelling, other than a public hospital, shall give information of the same with the least practicable delay to the executive health officer

2 Rule 33 of Chapter XIV of the Schedule to the Bombay Provincial Municipal Corporations Act, 1949, provides that in the event of any person within the City, other than an inpatient in a public hospital, being attacked with a dangerous disease

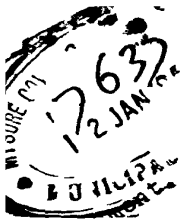
(a) every medical practitioner or person openly and usually practising the medical profession, who in the course of such practice becomes cognizant of the fact, and

(b) the occupier of the building in which the person so attacked may be residing or, if the occupier himself is the person attacked, then every adult member of the household, and

(c) every person in charge of or in attendance on any person so attacked

shall, as soon as he becomes cognizant of the fact, forthwith report the same, or cause a report thereof to be made to the Medical Officer of Health

Provided that no person shall be bound to make such



Prevention of the spread of dangerous Disease

Information to be given of the existence of dangerous desease

33 (1) In the event of any person within the City, other than an in-patient in a public hospital being attacked with a dangerous disease

(a) every medical practitioner or person openly and usually practising the medical profession who in the course of such practice becomes cognizant of the fact,&

(b) the occupier of the building in which the person so attacked may be residing or, if the occupier is himself the person attacked, then every adult member of the household, and

(c) every person in charge of or in attendeance on any person so attacked,

shall, as soon as he becomes cognizant of the fact, forthwith report the same or cause a report thereof to be made to the Medical Officer of Health

Provided that no person shall be bound to make such report or to cause such report to be made, if subh report has been so made

(2) The owner or person in whose custody any animal may be which is suffering from an infectious or contagious disease shall, as soon as he becomes congnizant of the fact, report the same or cause a report thereof to be made, to

the Medical Officer of Health

Provided that no person shall be bound to make such report or to cause such report to be made, if such report has been so made

The Commissioner,
Corporation of the City of Bangalore,
(through the Mayor)

Sir,

Subject:- Amendment to Byelaws regarding dangerous Diseases of men in Corporation of the City of Bangalore

-:-

With reference to the correspondence ending with your letter No.A1-36/55-56 dated 2-5-1955 on the above subject, I am directed to convey approval of Government to the proposals contained in your letter cited above, with a request that the amendment suggested by the Director of Public Health regarding furnishing the information of the occurrence of the infectious disease, if any, to the Health Officer or Commissioner, Corporation of the City of Bangalore, by parents, or the relatives, or the Medical Practitioners or anybody who is cognizant of the fact to which the Director of Medical Services has also concurred, may also be adopted, as there is no legal objection to the amendment proposed. It is also ascertained that the same practice is in vogue in the neighbouring states of Bombay, Madras and Hyderabad.

Hence I request you kindly to take necessary action to adopt the procedure laid down in Section 391 of the Corporation Act, for the adoption of the amendments to points (2) and (3) contained in paras (2) and (3) of the letter No.H.E.1040/53-54 dated 28-7-53 of the Director of Public Health (a copy of which was already sent to you in this office letter No.L.6017 dated 22-6-57). The amendments thus to be made may be sent for approval of Government after observing all the required formalities in this behalf.

Yours faithfully,
